

Miles Jamison Road Improvements

Project Overview & Preferred Alternative

The Miles Jamison Road Project includes widening Miles Jamison Road and associated intersection improvements between Old Trolley Road and Ladson Road.

The purpose of this project is to reduce traffic congestion, improve safety, and provide bicycle and pedestrian accommodations.

REDUCE TRAFFIC CONGESTION

The Miles Jamison Road corridor currently experiences good to fair traffic conditions with some delays. However, future traffic projections indicate poor conditions with significant to extreme delays.

IMPROVE SAFETY

The Miles Jamison Road corridor has a higher crash rate than the county and state crash rate averages.

ACCOMMODATE BICYCLISTS AND PEDESTRIANS

The project will include a shared use path and sidewalk for accommodating bicyclists and pedestrians.

PREFERRED ALTERNATIVE (5-LANE WIDENING)

PROPOSED IMPROVEMENTS

- 5-Lane Widening
- Two 12' Travel Lanes in Each Direction
- 15' Two-way Left Turn Lane
- 10' Shared Use Path
- 8' Sidewalk
- Curb and Gutter

Estimated Cost: \$150,000,000

Miles Jamison Road Improvements

Project Development Process & Schedule

**The Miles Jamison Road Improvements Project is being funded through the Dorchester County Transportation Sales Tax Program. The project is currently funded through Preliminary Design Phase. The project is being developed to be eligible for federal grants and funding to supplement the project cost and bridge the funding gap for project completion. The current project estimate is \$150M.*

**As of October 2026*
