Main Street Improvements PUBLIC INFORMATION MEETING

Tuesday, January 13, 2026

Summerville Elementary School | 835 South Main Street

Dorchester County and the Town of Summerville welcome you to this public information meeting. The meeting is drop-in style with no formal presentation. You are encouraged to review the displays and discuss your questions or concerns with the project staff. Your attendance and comments are vital to the project development process. The project areas are shown in the map below, and the project improvements are discussed in this handout and shown in the meeting displays.

Meeting Purpose

The purpose of this meeting is to:

- Provide information about the project scopes, conceptual designs, potential impacts, project status, and anticipated schedule.
- Provide the opportunity for citizens to ask questions and share feedback with project representatives.

Main Street Improvements

The Main Street Improvements Projects are a collaborative initiative between Dorchester County and the Town of Summerville to enhance Main Street (US Highway 17A) from Carolina Avenue to US Highway 78. The projects are designed to enhance the corridor, improve pedestrian safety and operations, strengthen corridor resiliency, and provide accommodations for pedestrians and bicyclists.

- The Dorchester County portion of the project extends from Carolina Avenue to Luke Avenue.
- The Town of Summerville portion of the project extends from Luke Avenue to 5th North Street (US 78).

Dorchester County Project Purpose:

The purpose of the project is to improve pedestrian safety, improve traffic flow, and better accommodate bicyclists and pedestrians from Carolina Avenue to Luke Avenue.

Town of Summerville Project Purpose:

The purpose of the project is to make infrastructure resilience and streetscape improvements, and to maintain and enhance economic vitality along Main Street from Luke Avenue to 5th North Street (US 78).

CORRIDOR BEAUTIFICATION
The Main Street corridor streetscape will be enhanced with landscaping, lighting and traffic signal upgrades, and pedestrian and bicycle accommodations.

IMPROVE PEDESTRIAN SAFETY
Improvements will include enhancing crosswalks, establishing continuous 5-foot-wide sidewalks, and providing a 10-foot-wide shared-use path to accommodate pedestrians and bicyclists.

STRENGTHEN CORRIDOR RESILIENCY
Enhancements will include improved drainage, adding on-street parking, replacing a pedestrian bridge, utility improvements, and adding landscaping and pedestrian accommodations to improve resiliency throughout the corridor.

DORCHESTER COUNTY PROJECT PROPOSED IMPROVEMENTS:

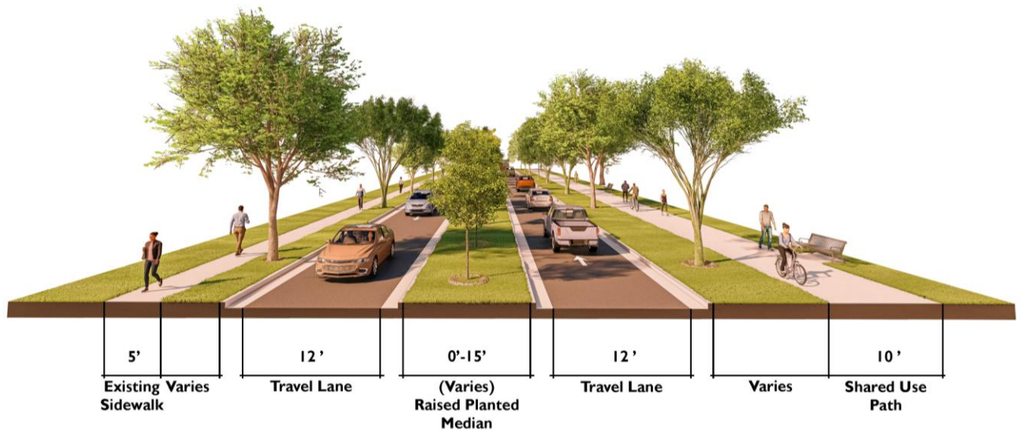
- Add 10-foot-wide shared-use path
- Provide continuous 5-foot-wide sidewalk by enhancing existing and constructing new sidewalks as needed
- Add SHARROWS (markings on road to share lanes with bikers) where shared-use path cannot be accommodated
- Install curb and gutter with drainage improvements
- Add landscaped medians throughout

TOWN OF SUMMERVILLE PROJECT PROPOSED IMPROVEMENTS:

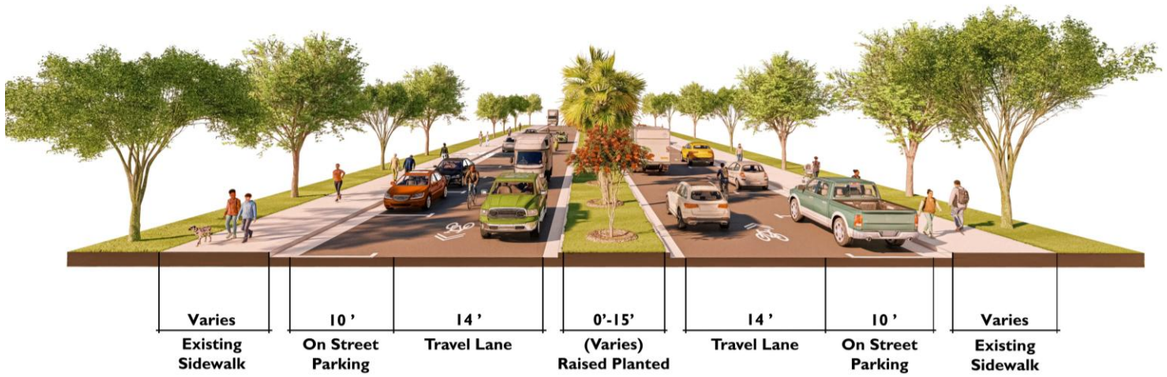
- Add 10-foot-wide shared-use path
- Maintain existing 5-foot-wide sidewalk throughout
- Drainage improvements
- Streetscape improvements (landscaping, lighting, traffic signal upgrades)
- Add landscaped medians throughout
- Overhead to underground utility burial

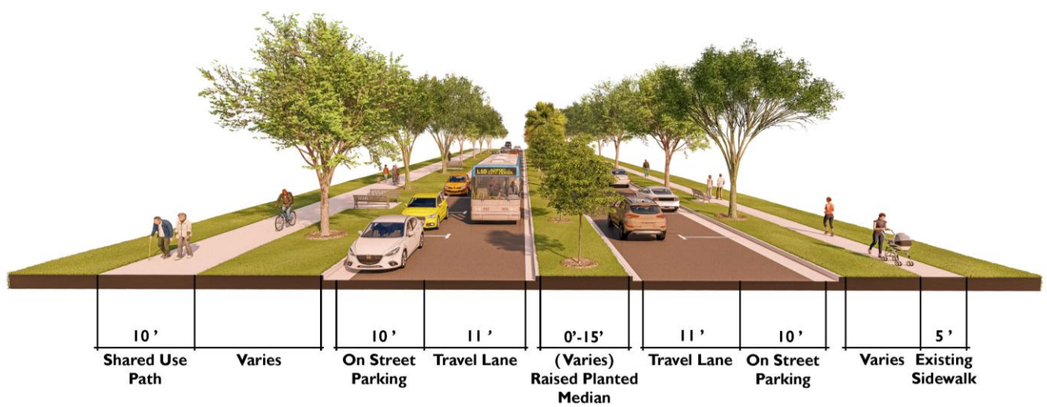
ROADWAY TYPICAL SECTIONS

Carolina Ave. to Richardson Ave.



Richardson Ave. to Luke Ave.





Luke Ave. to 5th North Street (US 78)
