

What We Heard!

At the first public meeting in June 2025, we heard about the need to address traffic congestion, improve safety, and enhance bicycle and pedestrian connectivity. 110 total comments were received after that meeting. We appreciate the public's input on these projects! Below is a summary of the comments we heard. These items have been incorporated into the updated design, and will continue to inform the County's decisions as the projects progress.

In Favor of

- Road widening and dedicated turn lanes to reduce congestion
- Roundabout at White Gables Dr / Carraway Ln
- Bicycle and pedestrian improvements to enhance connectivity
- Preserving the natural environment
- Upgrades to drainage systems
- Use of sustainable stormwater management practices

Concerns

- Property impacts and right-of-way acquisition
- Speeding through residential areas
- Need for safer pedestrian crossings
- Improved lighting to reduce nighttime crashes
- Increased noise during and after construction
- Maintaining emergency access during construction
- Recurring flooding in low-lying areas
