

Central Ave & Parsons Rd Improvements Project Location Map

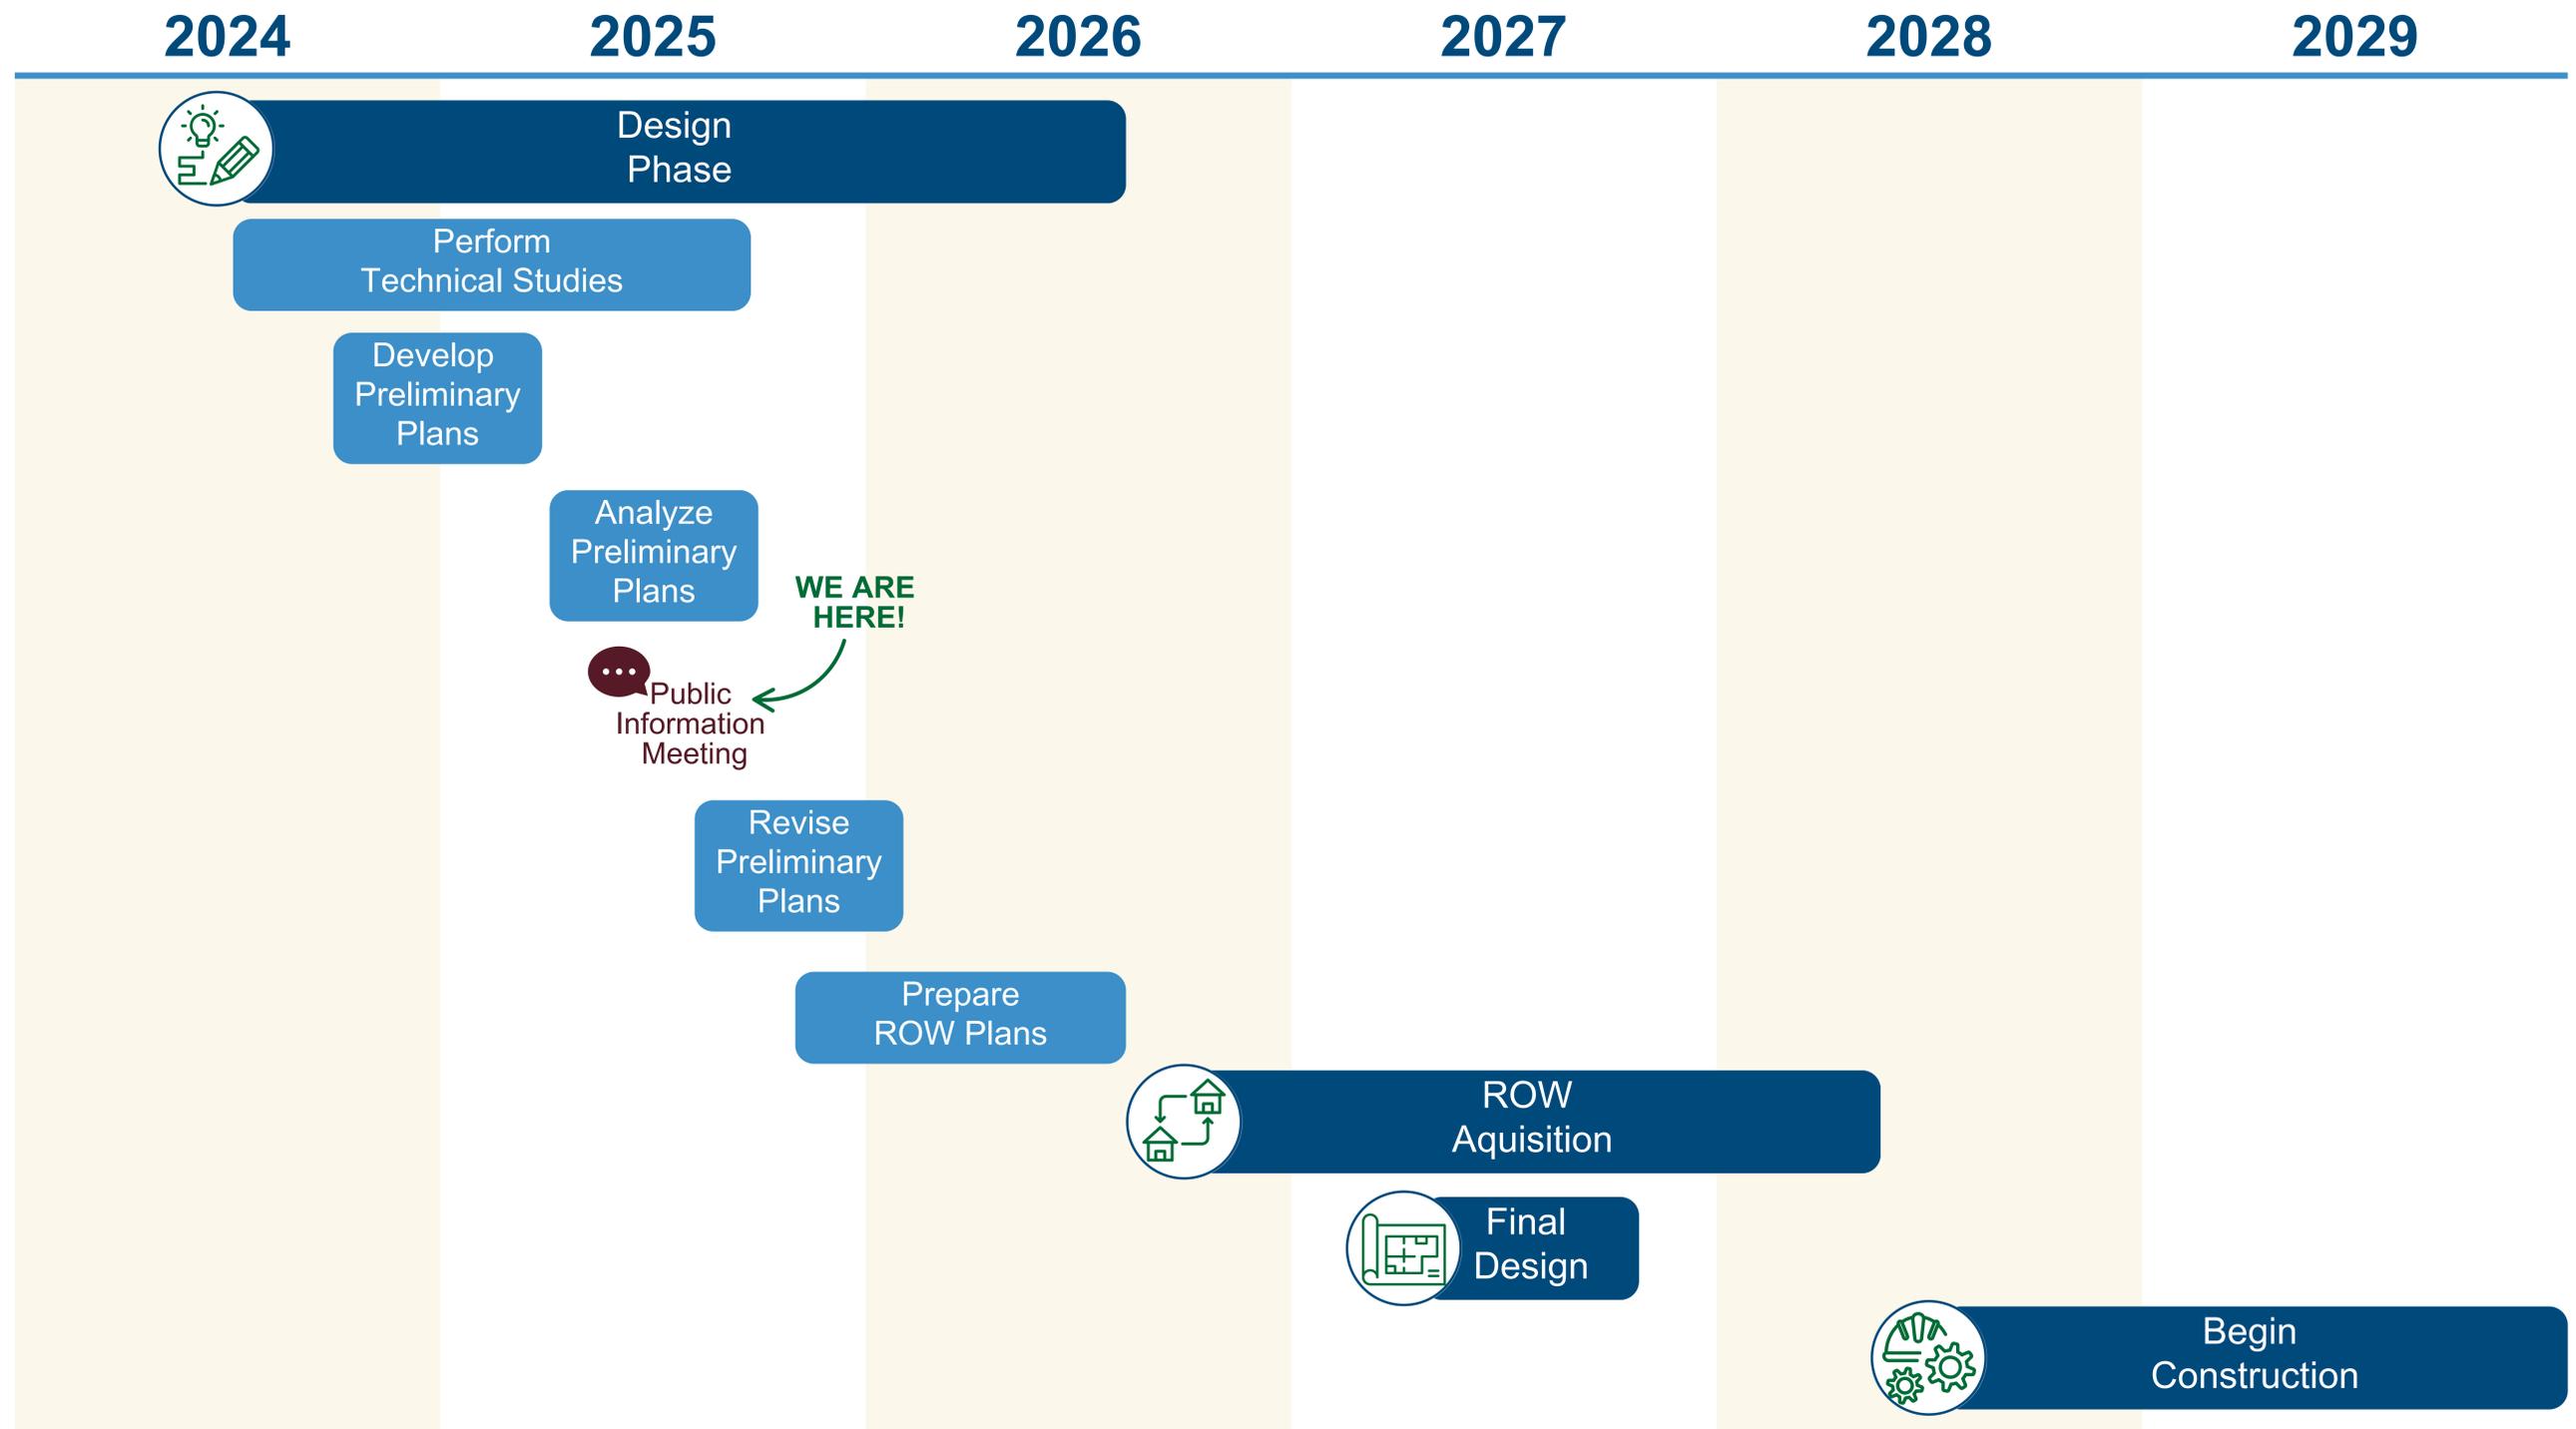

Central Ave Improvements Project Development Process & Schedule

*As of June 2025

Parsons Rd Improvements Project Development Process & Schedule

*As of June 2025

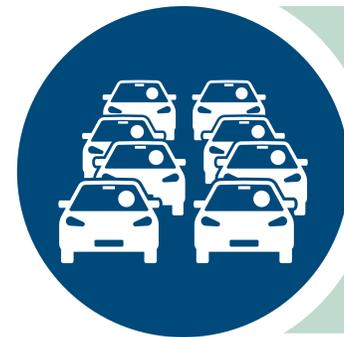

The Central Ave Project includes the widening of Central Ave to reduce traffic congestion, improve safety, and provide bicycle and pedestrian accommodations. The following designs are being evaluated:

Alternative 1

3-Lanes from Orangeburg Rd to W Butternut Rd & 5-Lanes from W Butternut Rd to Parsons Rd.

Alternative 2

5-Lanes from Orangeburg Rd to Parsons Rd.

REDUCE TRAFFIC CONGESTION

The Central Ave corridor currently experiences good to fair traffic conditions with some delays. However, future traffic projections indicate poor conditions with significant to extreme delays.

IMPROVE SAFETY

The Central Ave corridor has a higher crash rate than the County and state crash rate averages.

ACCOMODATE BICYCLISTS AND PEDESTRIANS

The project will include a shared use path and sidewalk for accommodating bicyclists and pedestrians.

The Parsons Rd Project includes the widening of Parsons Rd to 3-lanes from Central Ave to W Richardson Ave to reduce traffic congestion, improve safety, and provide bicycle and pedestrian accommodations.

REDUCE TRAFFIC CONGESTION

The Parsons Rd corridor currently experiences fair to unfavorable traffic conditions with some delays and congestion. However, future traffic projections indicate poor conditions with significant to extreme delays.

IMPROVE SAFETY

The Parsons Rd corridor has a higher crash rate than the state crash rate average.

ACCOMMODATE BICYCLISTS AND PEDESTRIANS

The project will include a shared use path and sidewalk for accommodating bicyclists and pedestrians.
